With more than 100 recipes, sumptuous food photos, and innovative and wholesome meal plans sorted in levels from newcomer to plant-based pro, Hamshaw offers a simple path to health and wellness. **Inscribed Landscapes**, 2023-09-01 Alongside the scores of travel books about China written by foreign visitors, Chinese travelers' impressions of their own country rarely appear in translation. This anthology is the only comprehensive collection in English of Chinese travel writing from the first century A.D. through the nineteenth. Early examples of the genre describe sites important for their geography, history, and role in cultural mythology, but by the T'ang dynasty in the mid-eighth century certain historiographical and poetic discourses converged to form the travel account (yu-chi) and later the travel diary (jih-chi) as vehicles of personal expression and autobiography. These first-person narratives provide rich material for understanding the attitudes of Chinese literati toward place, nature, politics, and the self. The anthology is abundantly illustrated with paintings, portraits, maps, and drawings. Each selection is meticulously translated, carefully annotated, and prefaced by a brief description of the writer's life and work. The entire collection is introduced by an in-depth survey of the rise of Chinese travel writing as a cultural phenomenon. *Inscribed Landscapes* provides a unique resource for travelers as well as for scholars of Chinese literature, art, and history.

*Intuitive Eating, 2nd Edition* Evelyn Tribole, M.S., R.D., Elyse Resch, M.S., R.D., F.A.D.A., 2007-04-01 We've all been there—angry with ourselves for overeating, for our lack of willpower, for failing at yet another diet that was supposed to be the last one. But the problem is not you, it's that dieting, with its emphasis on rules and regulations, has stopped you from listening to your body. Written by two prominent nutritionists, *Intuitive Eating* focuses on nurturing your body rather than

starving it, encourages natural weight loss, and helps you find the weight you were meant to be. Learn: \*How to reject diet mentality forever \*How our three Eating Personalities define our eating difficulties \*How to feel your feelings without using food \*How to honor hunger and feel fullness \*How to follow the ten principles of Intuitive Eating, step-by-step \*How to achieve a new and safe relationship with food and, ultimately, your body With much more compassionate, thoughtful advice on satisfying, healthy living, this newly revised edition also includes a chapter on how the Intuitive Eating philosophy can be a safe and effective model on the path to recovery from an eating disorder.

**Home Is Where the Eggs Are** Molly Yeh,2022-09-27 NEW YORK TIMES BESTSELLER From the host of Food Network's Girl Meets Farm and bestselling author of the IACP award-winning Molly on the Range, a collection of cozy recipes that feel like celebrations. Home Is Where the Eggs Are is a beautiful, intimate book full of food that's best enjoyed in the comfort of sweatpants and third-day hair, by a beloved Food Network host and new mom living on a sugar beet farm in

East Grand Forks, MN. Molly Yeh's cooking is built to fit into life with her baby, Bernie, and the naptimes, diaper changes, and wiggle time that come with having a young child, making them a breeze to fit into any sort of schedule, no matter how busy. They're low-maintenance dishes that are satisfying to make for weeknight meals to celebrate empty to-do lists after long workdays, cozy Sunday soups to simmer during the first (or seventh!) snowfall of the year, and desserts that will keep happily under the cake dome for long enough that you will never feel pressure to share. The flavors in this book draw inspiration from a distinctive blend of Molly's experiences—her Chinese and Jewish heritage, her time living in New York, her husband's Scandinavian heritage, and their farm in the upper Midwest. She uses seasonal ingredients that are common in her region while singlehandedly supporting the za'atar and sumac import industry in her small town. These influences come together into fuss-free crave-able meals that dirty as few dishes as possible and offer loads of prep-ahead, freezing, and substitution tips, such as: Babka Cereal Mozzarella Stick Salad Doughnut Matzo Brei Ham and Potato Pizza Chicken and Stars Soup Orange Blossom Creamsicle Smoothies Hand-pulled Noodles with Potsticker Filling Sauce Marzipan Chocolate Chip Cookies In Home Is Where the Eggs Are, the feeling of home starts in the kitchen; just melt some butter, fry an egg, and build a little memory around it.

Chocolate-Covered Katie Katie Higgins, 2015-01-06 What if you CAN eat all of your favorite desserts . . . and still be healthy and fit into your skinny jeans? Meet Katie: a girl who eats chocolate every day and sometimes even has cake for breakfast! When Katie's sugar habit went too far in college and left her lacking energy, she knew something needed to change. So she began developing her own naturally sweet recipes and posting them online. Soon, Katie's healthy dessert blog had become an Internet sensation, with over six million monthly visitors. Now, in her first cookbook, Katie shares over 80 never-before-seen recipes, such as Chocolate Obsession Cake, Peanut Butter Pudding Pops, and Ultimate Unbaked Brownies, that use only real ingredients, without any unnecessary fats, sugars, or empty calories. These desserts prove once and for all that health and happiness can go hand-in-hand—you can have your dessert and eat it, too!

Naturally Sweet America's Test Kitchen, 2016-08-23 In this timely, unique cookbook, America's Test Kitchen tackles the monumental challenge of creating foolproof, great-tasting baked goods that contain less sugar and rely only on natural alternatives to white sugar. White sugar is one of the most widely demonized health threats out there, even more than fat, and consumers are increasingly interested in decreasing the amount of sugar they use and also in using less-processed natural sweeteners. But decreasing or changing the sugar in a recipe can have disastrous results: Baked goods turn out dry, dense, and downright inedible. We address these issues head-on with 120 foolproof, great-tasting recipes for cookies, cakes, pies and more that reduce the overall sugar content by at least 30% and rely solely on more natural alternatives to white sugar.
